

FEEDBACK - 32nd SIG, Bangkok

I write to thank you for the recently concluded 32 Seminar on Industrial Gases held by AIIGMA this year in Bangkok which was expertly organized and a resounding success for all who attended.

It would be fair to say that the 2010 session was in fact a quantum step forward in quality, as well as content and this was recognized by the strong attendance of the seminar by both sponsors and members. The various sponsored cultural events (including the wonderful river cruise on the Chao Praya) were very well conceptualized, as well as organized and were also very obviously enjoyed by all who were present.

I would also like to compliment you on the forward thinking displayed by AIIGMA in arranging a permanent first aid booth and stand by ambulance.

It was a matter of pride to see a such a world class AIIGMA event. We look fwd to many long year s of association ahead.

Ravin Mirchandani
Managing Director
Cryolor Asia Pacific

I gives us great pleasure to congratulate you in transforming AIIGMA to "AIIGMA Global" at its 32nd SIG at Bangkok, Thailand during 3rd & 4th February 2010.

The Seminar was tremendous, informative and was entertaining with excellent arrangements. We, at Eurotech Cylinders Pvt. Ltd., Are extremely thankful to you all for the laudable arrangements made during the Dinner Cruise with cocktails, fireworks and other entertainments. The Cruise was enjoyed by one and all everybody will look forward to such an event in future also. In fact, AIIGMA was rocking at this Global Exposure. The delegates in the Cruise were praising AIIGMA a lot for organizing such a fantastic event.

Hip Hip Hurry to AIIGMA Team !!!

With best wishes and congratulations to you all, especially to the Managing Committee of AIIGMA in all its present and future endeavours. We are sure AIIGMA will have an explosive growth.

Rahul Shah
Director
Eurotech Cylinders Pvt. Ltd.
Mumbai

At the outset let me congratulate you and your team on an excellent and successful 32nd AIIGMA Seminar at Bangkok.

Barring, a few very minor glitches, which are bound to happen in a gathering of over 300 Indians, the whole organisation part went exceedingly smooth.

As the Prime Sponsor of the event, we wish to place on record that we , as a very nocent company, have earned more milage than we ever anticipated.

The biggest success for us at the exhibition was removal of all negative vibes in various customers and converting them to positive attitudes towards our company.

An indication of this is that during the period after the conference till date we have successfully delivered more than 4500 cylinders to various customers in India and we are totally booked for deliveries in February. We once again thank AIIGMA for giving us an opportunity to be associated with them and commend the team for their effort.

We also would like to take this opportunity to offer our sponsorship/ association in any activity of AIIGMA in future.

FEEDBACK - 32nd SIG, Bangkok

Thank you for all your excellent work in organizing this week's Seminar. I would like to offer you my personal thanks.

Andy Stevenson
General Manager
Global Gases FZCO, Dubai,
UAE

First of all, I wish to congratulate Mr. Karan Bhatia and his team for the excellent arrangements and hosting of the AIIGMA conference held in Bangkok this February. This was a landmark achievement for AIIGMA, being the first ever overseas conference and the fact that it was co-ordinated so well is highly commendable. The high number of participants in this conference also proves that the venue was highly appreciated by all.

All the programmes were well planned and their arrangements were flawless- whether it was the conference meeting, the entertainment programmes or the sight seeing tours. The dinner on the cruise was also a memorable event of the conference.

I heartily extend my congratulations to Mr. Saket Tiku also, whose meticulous planning and enormous efforts ensured that the entire 5-day programme would be a huge success and a wonderful experience for all who attended the meet. I look forward to such invigorating and enjoyable conferences in the future also.

I wanted to congratulate the entire AIIGMA team on the exceptional efforts put into organizing a successful 32nd SIG at Bangkok. The technical sessions were interesting and educational for delegates. The conference also provided an excellent networking opportunity bringing together gas industry experts and professionals under one umbrella. It gave us an opportunity to interact with potential customers, vendors and industry experts. Kudos to your team and wish you the very best going forward.

FEEDBACK - 32nd SIG, Bangkok

My wife Meena and I wish to thank you for the well organised and thoroughly enjoyable seminar in Bangkok. The hotel arrangements were excellent and all the dinner programs including the river cruise were of high quality and very entertaining. I once again wish to thank the organisers for the extra effort put in to ensure that everything went smoothly. I also request you to organise the next seminar in a country where the facilities are on par or even better.

Arun Poorswani

This is to sincerely congratulate the entire team of AIIGMA for so wonderfully organizing AIIGMA 2010 at Bangkok. Right from ticketing to VISA to arrival to immigration to Hotel transfer to cultural evenings & not to forget the main conference it was a seamless event. I must say the conference was as good if not better than some international conferences I have had opportunity to attend.

Once again congrats to the entire team of AIIGMA & particularly to yourself, Tiku & Veena for the tremendous efforts put in.

AIIGMA truly went GLOBAL & AIIGMAROCKED.

Munjal Mehta
Director
Shell-N-Tube Pvt. Ltd.
Pune

It was indeed a great pleasure to attend the 32nd Seminar of Industrial Gases held recently on 3rd and 4th Feb at Bangkok.

I can imagine how much hard work and clock like precision must have gone into planning, and hosting such an event of that magnitude, that too in a foreign country.

Well a very deserving Kudos to you all.

I also feel that Karan and Saket compliment each other in organising and hosting such events. One takes over seamlessly where other has left.

The grouping of the papers was very good. It is generally very difficult to hold the interest of such a vast and varied group of delegates. However, if anybody so desired, he could miss a session altogether without loosing on the topics of his or her interest.

The entertainment slots were too good and the people really had a blast of fun on each night, more so on the cruise boat. I think that was ultimate. The fireworks were too good and just enough. Had these been more, then people would have lost interest.

Anyway all good things come to an end. This one also has. Get back to work. Dont know how you all will be able to maintain your standards in coming years.

All the best for times to come.

FEEDBACK - 32nd SIG, Bangkok

First of all I would like to congratulate Mr Karan Bhatia & Mr Saket Tiku for the wonderful arrangements they have made for all the delegates at Bangkok. The venue was well attended which itself speaks that all participants have appreciated the arrangements & the venue.

I would once again like to thank Mr Karan Bhatia & Mr Saket Tiku for the excellent entertainment programmes specially the dinner cruise.

In all I can say the arrangements were flawless & look forward to such enjoyable conferences in future also.

We congratulate AIIGMA team, especially Mr Karan Bhatia & Mr Saket Tiku for organising the conference in Bangkok, which was a huge success.

All the papers presented were of top class. Even the entertainment programmes on the cruise boat and on other days were of high standards. Cocktails served were truly of International standards.

You have raised the bar and taken AIIGMA to the new heights. Keep on doing the good work.

We appreciate Mr Saket Tiku for the personal interest and pain taken for this programme and we expect still better programmes from AIIGMA in future.

Mukesh Kakar
Director
Super Gases and Appliances Pvt. Ltd.

I would like to congratulate our AIIGMA team for its grand success in arranging such a lavish and well organised conference at an international location for the first time in its history.

This was truly one of the best seminars our members have attended and they thoroughly enjoyed themselves. Everything from the choice of speakers to the topics they presented, for the entertainment programmes to the Cocktails served, the reception at the airport and the selection of hotels was truly of highest international standards.

I would like to specially thank Mr Saket Tiku for his personal efforts to make this seminar such an enjoyable experience for all of us.

All our members present felt that the standard of our convention has risen manyfold.

Dhruv Gupta
Executive Director
Indian Air Gases Ltd.
New Delhi

This is to congratulate you for the grand success of the 32nd SIG at Bangkok on 3rd & 4th Feb, 2010 and the Pattaya Trip on 5th - 7th Feb, 2010. All arrangements right from our arrival at Bangkok and again dropping us at the Airport on 7th evening was simply superb. The Shangri-La Hotel at Bangkok was very rich and the Cocktail, Dinner, Dances & Firework on Cruise on 4th night was really unforgettable.

We also congratulate you and all the members of the new team for taking over the reins of AIIGMA for another term. I am sure, under your leadership AIIGMA will achieve new heights in updating members with world class technology while looking after their comfort & entertainment.

FEEDBACK - 32nd SIG, Bangkok

I am proud on the grand success of AIIGMA's Bangkok Seminar. All programs & arrangements were of highest order and flawless.

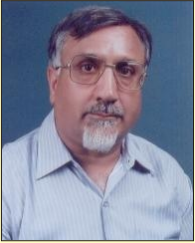

Technical papers, Hotel arrangements, entertainment, transport was of outstanding quality & top standard.

Yourself & Tiku deserve full credit for this achievement making AIIGMA truly international. I can say, it was the best Seminar on Industrial Gases ever in India & any where else.

I highly appreciate & congratulate you & Tiku along with your other team members for the excellent planning, time devoted & shouldering of heavy responsibilities which were responsible for the great achievement.

Myself & my member friends send best wishes to you and the new committee members for achieving greater & greater heights in future seminars, earning honors to the country.

We are pleased to acknowledge the Grand success of 32 SIG held at Bangkok on 3rd / 4th Feb 2010. A stupendous task , so meticulously planned, executed & seen through exemplifies the Team Work done under your leadership.

The quality of SIG in all its aspects be it presence of of most senior VIP's of Govt. of India & Govt. of Thailand, galaxy of speakers, logistics, number of participants and the attendance at different technical sessions & evening events has been beyond comprehension & has enhanced name & fame of AIIGMA all around.

You & your team deserve our heartiest gratitude & congratulations for a job well done.
